Email: AidenLaraX@gmail.com | Mobile: 317-437-5430

EDUCATION

Indiana University Bloomington

December 2024

Luddy School of Informatics, Computing, and Engineering

GPA: 3.2

Bachelor of Science in Computer Science with Specialization in Artificial Intelligence

PROJECTS

Realistic Procedural World Generation

2023

- Worked as a team to help implement procedural world using perlin noise generation in Unity and river generation using a greedy search algorithm in C#
- Independently using C# designed an A* algorithm to be used to find the optimal path between two cities on a randomly generated map

Cellulose Data Processor

2024

- Independently using R read improperly parsed .dat files and mapped them into .csv's while maintaining the original file structure of the datasets. Found the mean and standard deviation of the different features of the data sets
- Combined all the .csv's into one file then performed feature analysis via Random Forest and regression via multivariate linear regression

Little 500 Race Results Predictor

2023

- As a Team implemented a model in R which used Linear Regression to predict outcomes of the Little 500 race using over 10 features
- Visualized key model insights and performance metrics using R

TECHNICAL SKILLS

Languages: Rust, Java, Python, Haskell, R, C, C++, C#, HTML, JavaScript, SQL, TypeScript

Software : Visual Studio Code, LaTeX, Word, PowerPoint, Excel, Slack, Unity

Dev Tools : Git/GitHub, Unix, PostgreSQL, scikit-learn, PyTorch, CAD, FireBase

EXPERIENCE

Server

Apr 2024 – Aug 2024 & Apr 2025 – Present

Salt at Geist

Fishers, Indiana

- Worked as a team to efficiently provided a fine dining experience
- Communicated with patrons to ensure their satisfaction and found ways to solve any issues they had
- Trained and mentored new employees on service standards and proper conduct in a fine dining environment

Fellowship

Jan 2025 – Apr 2025

Your Big Year

Remote

- Conducted qualitative research through interviews with computer science professionals, compiling detailed reports to inform workflow improvements
- Collaborated with peers to brainstorm and develop strategies promoting environmental sustainability education.

ACHIEVEMENTS

- Luddy Deans List: 2024
- Eagle Scout: 2020
- BEST Robotics Website Design – 2nd Place: 2021
- IU National Hispanic Scholarship: 2021-2024
